- ▶ 5-year PRIME warranty

Power [W]:

12

Output current [V]:

12, 24

Ingress protection class:

IP67

Housing:

Polycarbonat

HIDDEN BY DESIGN

The MINI power supply has been designed for installation in a standard Ø60 mm flush mounting box. With its compact dimensions of 56 x 39 x 26 mm, it fits where conventional drivers require additional space or wall modifications.

Its IP67-rated enclosure, combined with built-in overload, short-circuit and thermal protection, ensures safe operation even in demanding conditions. It is a solution created for point LED installations - efficient, secure and invisible.
