LED line® ELIDA

Modern  
and ergonomic  
lighting is our  
specialty.

We know the importance of functionality and sustainable approach to products. LED line® Elida is a robust fixture for the illumination of both, passageways and other public areas, such as neighbourhoods, parks or selected urban spaces. It will enhance the attractiveness of the area, and the type of light can be adjusted to the needs of local residents and according to the surrounding conditions.

## LED line® ELIDA

Product symbol: 475473 - 40W  
478498 - 70W
