LED STRIP

COB

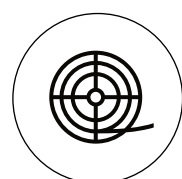

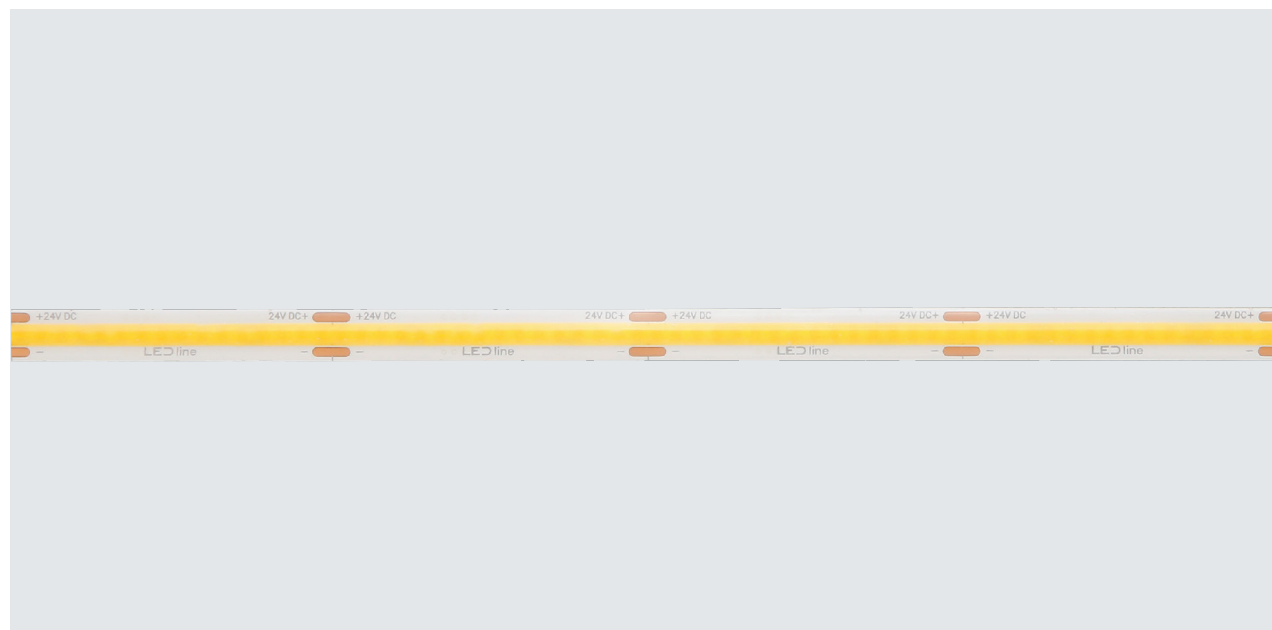

ONE POWER SOURCE,
20 METERS OF LIGHT

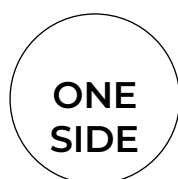

20 m
ON A ROLL

5 YEAR WARRANTY
New reliability standard

20 metres of LED strip on a single reel

Single-end power supply along the entire length

LED STRIP

COB 8W ONE-SIDED

KEY FEATURES

- ▶ 20 meters of tape on a single roll
- ▶ Single-sided power supply along the entire length
- ▶ Consistent lighting without noticeable voltage drops
- ▶ Continuous line of light without visible LEDs
- ▶ 5 and 30 m long rolls
- ▶ High-quality packaging

Power [W/m]:
8

Luminous flux [lm/m]:
700

Beam angle [°]
150

Colour temperature [K]:
3000 4000

Lifetime [h]:
L70B50 - 30.000

Roll length [m]:
20

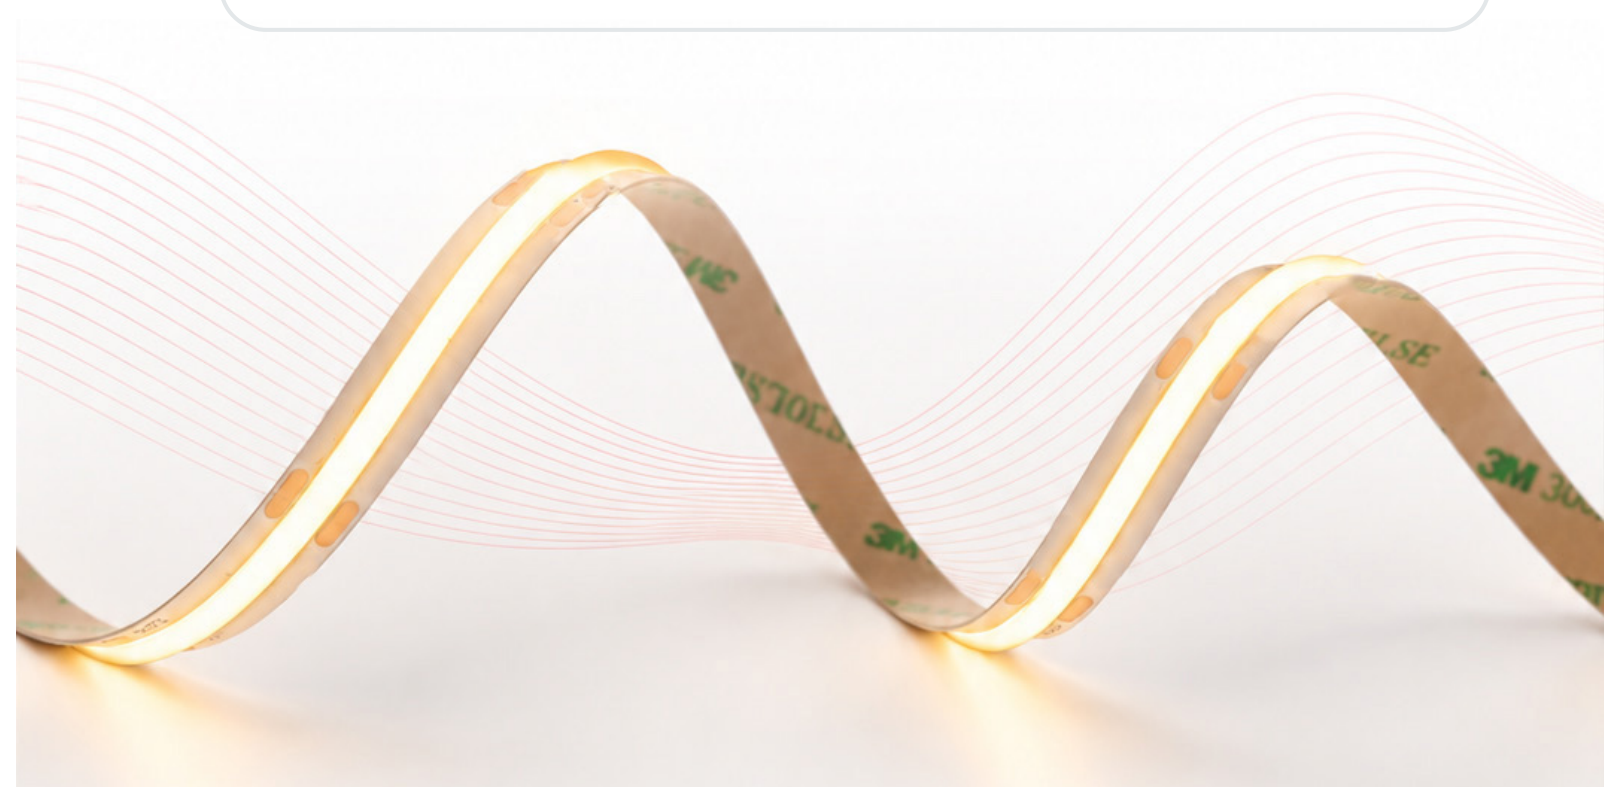

COB ONE-SIDE

20 METERS, NO VOLTAGE DROPS

The advanced PCB substrate used in our strip, which features enhanced conductivity, ensures a uniform power supply along the entire length of the strip.

As a result, up to 20 meters of lighting can be powered from one side—without any loss of brightness, without the need to run wires from both sides, and without the light dimming at the end of the installation.

SINGLE-SIDE POWER SUPPLY:
