LED line LITE

Accentuate your style by illuminating your space with the CAMELIA table lamp!

Enjoy great lighting and unique style with the CAMELIA cordless table lamp. Our modern and functional lamp combines cutting-edge design with retro charm to create a unique lighting fixture for any space.

Stylish design

This LED lamp harmoniously combines elements of modern and minimalist design with the charm of rustic and retro style to create an extremely stylish lighting fixture. This makes it suitable for places such as bars, restaurants, cafes, homes or offices. The cordless design provides mobility, making it easy to place anywhere.

Touch control

Adjust Brightness

With three levels of brightness control and light color change - cold 5000 K, neutral 4000 K and warm 3000 K, you can adjust the lighting to your individual needs. Control is extremely easy - just a touch of a button. Whether you need intense light for work or gentle illumination for relaxing with a book, the CAMELIA lamp will meet your expectations.

Fast Charging

The CAMELIA table lamp allows a full charge in just 5 hours. The built-in lithium battery, on the other hand, can last up to 8 hours of use, providing reliable illumination. The lamp is charged via a universal USB Type-C port.

Durable Aluminum and Acrylic

Made of high-quality aluminum and durable acrylic, the table lamp is not only elegant, but also sturdy and durable. So you can enjoy its illumination for many years.

Light up your life in a modern way with the CAMELIA table lamp. Give your spaces new energy and style with our reliable LED lighting.
