**Mean Well power supply ELG-240-24DA
10A 240W 24V IP68**

The ELG-240-24DA power supply from Mean Well is a robust 240 watt device and 24 V output voltage, ideal for LED systems. With a output current of 10 A, it provides stable power supply and its enclosure meets IP67 standards, which guarantees resistance to dust and water. High energy efficiency and advanced overload, overcurrent and short circuit protection make it a reliable choice in any lighting application.
