MERRYTEK microwave motion sensor
15m 600W ON/OFF 2-step DIM 1-10V clip

Model MC054V-RC2-A is a functional microwave motion detector, whose housing is equipped with a handy mounting clip. The detector boasts a long operating range of up to 15 meters, optimal for large-scale investments. It has the ability to switch on a powerful load of up to 600W, also providing the option for two-stage dimming thanks to the 1-10V interface. The design of the module and the dedicated hook ensure exceptionally simple and secure installation away from the main body of the lamp. It performs exceptionally well in lighting communication routes, where we aim for a quick modernization of old systems.

Technical data

Parameter	Value
Warranty	5
Voltage	• 120-277 V AC
IP protection rating	IP65
Frequency of the supply voltage	50/60Hz
Sensor type	Microwave

Parameter	Value
Ambient temperature suitable for operation	-35?~+55?
Width	62 mm
Diameter	20 mm
Weight	0,17 kg
