EURO 2-pin power cable black

The EURO 2-pin power cord 150 cm long, made of high quality materials, ensures reliability and safety of use. It is characterized by a vein cross section of 0.75 mm² and black insulation, which increases its aesthetics and resistance to mechanical damage. The standard EU connector is compatible with most power supply devices. The total weight of the cable is 96 g, which facilitates its transport and installation.
