

Mean Well

Code: NES-200-12

EAN: 5100000000366

Mean Well power supply modular 17A 200W 12V

The NES-200-12 power supply from Mean Well is a reliable source of energy with a 12 V output voltage and a maximum current of 17 A. It offers a total capacity of 204 W, providing stable power supply for a variety of LED applications. The product design adapts to quality standards, ensuring high efficiency and safety of use. The security technologies used protect the device from overload, short circuit and excessive voltage.
