

Mean Well

Code: MDR-10-24

EAN: 5100000000353

Mean Well power supply DIN rail 0,42A
10W 24V

The MDR-10-24 is a reliable 10W and 24V Mean Well power device. It is characterized by high quality of performance and energy efficiency, which ensures long service life. Its compact dimensions allow easy installation in different applications. This power supply is designed for stable operation and protection against overload and short circuit, thereby guaranteeing safety of operation.
