Sunricher LED lighting systems RGBW controller, controls 4 zones, Perfect-RF series

The Sunricher Pilot RGBW 4-stery C is a modern device that allows remote control of LED lighting with an innovative glass touch wheel. Supports up to four zones, each with the ability to connect unlimited number of receivers. It offers ten predefined modes of operation and the ability to save three unique scenes for each zone. Thanks to independent regulation of the brightness of channels R, G, B and W, the user has access to millions of colors.
