Mean Well power supply RS-150-5 6A
130W 5V

The RS-150-5 power supply from Mean Well is a high quality 130 W power device and a maximum output current of 26 A. It offers a stable output voltage of 5 V, making it ideal for demanding applications. Equipped with long life electrolytic capacitors and advanced protection mechanisms against short circuit, overload and overvoltage, it ensures reliability of operation.
