

Mean Well

Code: MDR-40-24

EAN:

Mean Well power supply DIN rail MDR-40-24 1.7A 40W 24V

MDR-40-24 power supply from Mean Well is a reliable power supply with a power output of 40 W and a output voltage of 24 V. The MDR series is characterized by robustness and high energy efficiency. With an output current of 1.7 A, it will be perfect for various applications requiring stable power supply. Designed for long-term use, it provides a resilient design, which increases its utility and service life.
