LED line downlight aluminium round gold/white OLTIKA

The LED line OLTIKA ceiling housing in an elegant white and gold finish combines aesthetics with functionality. Made of high quality aluminium casting, it has a diameter of 100 mm and IP20 leak class, which allows it to be used inside buildings. With a maximum power of 35W and the ability to adjust the direction of illumination, it provides optimal lighting. Easy installation in a 75 mm hole allows for quick installation of fittings in different interiors.
