AURA line CUBE adapter 5 socket 1,5m

The AURA line CUBE extender is an advanced solution for demanding users, offering five power sockets with nominal current 16A and power up to 3680W. Made of high quality materials, it provides safety with built-in overvoltage and overheating protection. Compact design allows easy placement in different spaces. The power supply is 220-250V AC, making it universal and practical.
