Connector for 1-phase track light rail straight (white)

The 1-phase white mat rail connector is a modern accessory that provides a reliable electrical connection. Powered by 100-240V AC at 50/60Hz, it supports single-phase installations with two wires. Made of metal and ABS, it has copper conductors to guarantee high quality of current transmission. It is characterized by IP20 leak class and operating temperature from -25°C to +60°C.
