

Mean Well

Code: LCM-25DA

EAN: 5100000000392

Mean Well power supply LCM-25DA
25W

The Mean Well LCM-25DA is a high quality device that supports 24 V output voltage. Offering a current of 1050 mA, it provides stable power for a variety of LED applications. Its power is 25,2 W, which shows high efficiency and reliability. The power supply is characterized by a solid design and the use of modern electrical technologies, which guarantees long life and safety of use under different conditions.
