Code: 206649

EAN: 5905378206649

Burried steel frame for pole mounting

The PRIME LED line foundation anchor is a key element for the safe installation of the 206618 folding lighting pole. Provides stability and support for the structure, allowing it to be properly embedded in the substrate. The dedicated 180x180 mm spacing fits perfectly to the base of the pole, which guarantees easy and quick installation. Robust materials used in the product provide long-term use, contributing to the reliability of the entire lighting system.
