LED line MAG JOY remote for the
VARIANTE controller

The MAG JOY remote control, created by the PRIME LED line brand, operates at 2.4 GHz RF frequency, providing stable communication at a distance of up to 30 metres. It is powered by two AAA batteries and works on a DC 3V voltage. Equipped with a magnetic base and a tape with a length of 3 meters, it allows easy mounting both vertically and horizontally. The ergonomic shape of the knob allows for an intuitive change in the temperature of the light and regulation of the light intensity.
