

Mean Well

Code: ELG-200-24DA-3Y

EAN:

Mean Well power supply ELG-200-24DA-3Y 8.4A 200W 24V IP67

The ELG-200-24DA-3Y is an advanced Mean Well device that provides stable power for lighting systems. It offers 24 V voltage output and a maximum current of 8.4 A, making it ideal for LED applications. With a rated power of 200 W, it is characterized by IP67 leak class, which protects it from dust and water. In addition, built-in overload and short circuit protections increase its reliability under difficult conditions.
