MERRYTEK sensor MESH IOT Wireless

MERRITEK MESH IOT Wireless sensor is an advanced device designed for intelligent lighting management. Its reliable motion detection technology operates in the range of 4-6 m at mounting heights up to 15 m, providing effective space monitoring. Equipped with a daylight sensor, it automatically adjusts the light intensity according to ambient conditions.

Technical data

Parameter	Value
Warranty	5
Detecting Area (Radius)	4-6m @ mounting height 12m

Parameter	Value
Hold time	15sec-unlimited
Ambient temperature suitable for operation	-25 ÷ 55
