Mean Well constant voltage power supply HLG-320H-12A

The HLG-320H-12A power supply from the renowned brand Mean Well is an efficient 264W device designed to power LED systems. It is characterized by a 12V output voltage and a maximum current of 22A. Overcurrent and short circuit protections guarantee reliability in difficult conditions. IP65 leak class provides dust and moisture resistance, making it ideal for high durability applications.
