Mean Well constant voltage power supply HLG-480H-24B

The HLG-480H-24B power supply from Mean Well is a reliable 480W power device that provides stable power for LED systems. With a output voltage of 24V and a maximum current of 20A, it is characterized by high operational efficiency. IP65 protection guarantees resistance to dust and moisture, making it ideal for applications in difficult conditions. The device is widely used and its robust design ensures long-lasting and safe operation.
