

Mean Well

Code: NDR-480-24

EAN:

Mean Well power supply DIN 20A 480W 24V

The Mean Well NDR-480-24 power supply is a high-performance 480W power supply designed for LED systems. It is characterized by 24V output voltage and 20A output current, which provides stable power for various applications. The device is distinguished by a solid design, optimal for mounting on the DIN rail, which facilitates its integration into electric switchgears.
