

Mean Well

Code: RSP-500-12

EAN:

Mean Well power supply RSP-500-12

47.1A 500W 12V

The Mean Well RSP-500-12 power supply is an efficient 500 W power device with a output voltage of 12 V and a maximum current of 47.1 A. It guarantees stable power, ideal for high power applications. Thanks to its robust design and reliable technology, it offers high energy efficiency and protection against overload and short circuit. Compact dimensions facilitate installation in different lighting systems, ensuring long-term operation.
