Microwave motion sensor QUICK PLUG
IP54

The QUICK PLUG motion and dusk sensor is an innovative solution designed to integrate into the light. Its simple design and intuitive installation enable quick connection using the quick coupling system. Thanks to high sensitivity and a wide detection angle of 140°, the device effectively detects motion, which provides an optimal response to changing lighting conditions.

Technical data

Parameter	Value
Warranty	2
IP protection rating	IP54
Motion detection range and angle	140

Parameter	Value
Ambient temperature suitable for operation	-20 ÷ 40
Height	80
Colour	black

Code: 248566

EAN: 5901583248566

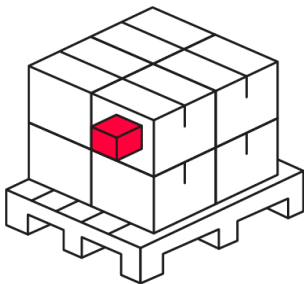

Microwave motion sensor QUICK PLUG
IP54
