LED line LITE LED Tube T8 18W 4000K  
1820lm 220-240V 120cm

LED light T8 18W LED line LITE is a perfect combination of modern technology and energy efficiency. It is characterized by a light stream of 1820 lumens at low power consumption of 18 W, which provides a light performance of 100 lm/W. The neutral colour of light with a temperature of 4000 K and a lighting angle of 270° guarantee uniform lighting.

Technical data

| Parameter                             | Value          |
|---------------------------------------|----------------|
| Voltage                               | • 220-240 V AC |
| Luminous efficacy                     | 100            |
| Colour of the light                   | White          |
| Energy efficiency class 2019/2015     | F              |
| Luminous flux                         | 1820           |
| Colour consistency in McAdam ellipses | ≤6             |
| Warranty (years)                      | 2              |
| IP protection rating                  | IP20           |
| Survival factor                       | 0.9            |
| Minimum purchase quantity             | 25             |
| Lifetime L70B50                       | 15 000 h       |
| Material                              | Glass          |
| Frequency of the supply voltage       | 50/60Hz        |
| Colour rendering index Ra             | 80             |

| Parameter                             | Value    |
|---------------------------------------|----------|
| The lumen maintenance factor          | 96       |
| Lamp's type                           | T8       |
| Beam angle                            | 270      |
| Material (cover)                      | glass    |
| Material (housing)                    | Glass    |
| LED type                              | SMD2835  |
| LED quantity                          | 72       |
| Number of on/off cycles               | 50000    |
| Colour consistency in McAdam ellipses | ≤6       |
| For indoor use                        | Inside   |
| Lamp's warm-up time to 60%            | 1 s      |
| Correlated colour temperature         | • 4000 K |
| Power                                 | • 18 W   |
