

LED line LITE

Code: 249365

EAN: 5901583249365

**Bulb adapter E27 to MR16 B**

The E27->MR16 B LED line LITE bulb adapter is an innovative adapter that allows easy connection of standard E27 socket with MR16B bulbs. Thanks to its robust design, it ensures the safety and stability of the connection. The adapter supports 220-240 V AC voltage, making it compatible with most electrical installations. Simple installation and compact dimensions allow for seamless fit in different conditions.

**Technical data**

| Parameter                           | Value                    |
|-------------------------------------|--------------------------|
| Voltage                             | • 220-240 V AC           |
| Maximum power of the bulb           | 20                       |
| Number of sockets (number of ropes) | 1                        |
| Bulb thread type                    | MR16                     |
| Application                         | Bulb adapter E27 > MR16B |

| Parameter       | Value       |
|-----------------|-------------|
| Type of product | adapter     |
| Type of adapter | E27 > MR16B |
| For indoor use  | Inside      |
| Height          | 41          |
