LED line R7s 6W 500lm 3000K 220-240V118mm

product\_card.label\_technical\_data

| product_card.label_attribute_name     | product_card.label_attribute_value |
|---------------------------------------|------------------------------------|
| Luminous efficacy                     | 83 lm/W                            |
| Colour of the light                   | White                              |
| Energy efficiency class 2019/2015     | G                                  |
| Luminous flux                         | 500 lm                             |
| Colour consistency in McAdam ellipses | ≤6                                 |
| Warranty (years)                      | 3                                  |
| Survival factor                       | 0.9                                |
| Lifetime L70B50                       | 30 000                             |
| Frequency of the supply voltage       | 50/60Hz                            |
| Colour rendering index Ra             | 80                                 |
| Colour                                | white                              |
| The lumen maintenance factor          | 96 %                               |
| Beam angle                            | 120 °                              |

| product_card.label_attribute_name          | product_card.label_attribute_value                           |
|--------------------------------------------|--------------------------------------------------------------|
| LED type                                   | SMD2835                                                      |
| Lifespan                                   | 30000                                                        |
| Power Factor                               | 0,5                                                          |
| Number of on/off cycles                    | 50000                                                        |
| Colour consistency in McAdam ellipses      | ≤6                                                           |
| Ambient temperature suitable for operation | -20÷40 °C                                                    |
| For indoor use                             | Inside                                                       |
