

LED line LITE

Code: 228870

EAN: 5905378228870

Multi-track electrical quick connector
splitter 2to20 5-48V 32A 0,1-4mm LITE

The multi-channel quick connector electric LED line LITE is an innovative power splitter that completely revolutionizes the way of connecting multiple short sections of LED strips. Thanks to its support for a wide range of voltages and high permissible current load, this device guarantees safe operation even in very complex lighting projects. It is an indispensable, compact accessory that drastically reduces installation time and definitively eliminates the problem of tangled wiring when illuminating stairs, recesses, or furniture.
